

Payment of 14th Month Salary!

Re: Financial Support/Assistance to NOGs, who are also employers.

AHEAD has written to the Hon. Muhammad Reza Cassam Uteem, Minister of Labour and Industrial Relations requesting that the government shall extend to registered NOGs, which are also employers, all the financial support and facilities that are being granted and/or shall be extended to the private enterprises and companies and to the Small and Medium Enterprises (SME) so that they can meet their financial obligations to pay a 14th month salary to their workers. It is underlined that NOGs are also employers. Mandatory obligations are imposed on the NOGs which are Minimum Wage, and other mandatory contributions such as CSG, PRGF, NSF to MRA.

A copy of the letter has been sent to the Hon Prime Minister and Minister of Finance, Deputy Prime Minister, Minister of Social Security and the 3 MPs (which includes the 2 ministers) of constituency No.7. AHEAD's seat is in Amitié, a village in Rivière du Rempart. Each time there is an obligation on employers, government finds a solution in the form of a support programme to employers. It is hoped that government also considers NOGs.

We hope that government considers the plea of NOGs, who are also employers.
